The French Room is decorated with elegant artwork and is centered by a glowing fireplace. It is ideal for an elegant dinner and can be reserved for a large party exclusively. The room has been completely reconstructed to have an authentic look and feel of a French Country Château with a brick fireplace, stone walls, and a trimmed wood ceiling.

American Room & Bar (Maximum of 35 patrons)

The American Room is a blend of three different areas. As you first walk into Bayleaf Restaurant you will see the warm, custom-made alabaster bar. To the right of the bar is the seating area where guests can enjoy cozy leather sofas while sipping on their favorite drinks. To the left of the bar is the American dining room. This room features a radiant fireplace and a room decorated by copper and bronze fixtures.

Trellis Room (Maximum of 35 patrons)

The Trellis Patio is a charming outdoor setting right outside the American room & bar. This room is one of the most charming outdoor venues possible. We have a custom trellis and bricklaying around the entire patio. Towards the back there is an area where a three or four piece band can perform.

Large Garden Patio (Maximum of 150 guests, outdoor/seated)

The Large Garden Patio is the most spacious location to host an event. Located just outside our main restaurant, the patio has spectacular views of our gardens, floral presentations and the breathtaking backdrop of Napa Valley's green hills. Whether you are looking to have an outdoor dinner, a large private event, or a wedding reception amongst the romance of Napa Valley, is truly distinctive.
